§ 4 - Apportionment

- (1) Except as provided in subsection (4) of this section, net profit shall be apportioned as follows:
 - (a) For business entities with both payroll and sales revenue in more than one (1) tax district, by multiplying the net profit by a fraction, the numerator of which is the payroll factor, described in subsection (2) of this section, plus the sales factor, described in subsection (3) of this section, and the denominator of which is two (2); and
 - (b) For business entities with sales revenue in more than one (1) tax district, by multiplying the net profit by the sales factor as set forth in subsection (3) of this section.
- (2) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in the city during the tax period by the business entity for compensation, and the denominator of which is the total compensation paid or payable by the business entity everywhere during the tax period. Compensation is paid or payable in the city based on the time the individual's service is performed within the city.

- (3) The sales factor is a fraction, the numerator of which is the total sales revenue of the business entity in the city during the tax period, and the denominator of which is the total sales revenue of the business entity everywhere during the tax period.
- (a) The sale, lease, or rental of tangible personal property is in the city if:
 - 1. The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within the city regardless of the f.o.b. point or other conditions of the sale; or
 - 2. The property is shipped from an office, store, warehouse, factory, or other place of storage in the city and the purchaser is the United States government.
 - (b) Sales revenues, other than revenues from the sale, lease or rental of tangible personal property or the lease or rental of real property, are apportioned to the city based upon a fraction, the numerator of which is the time spent in performing such income-producing activity within the city and the denominator of which is the total time spent performing that income-producing activity.
 - (c) Sales revenue from the sale, lease, or rental of real property is allocated to the tax district where the property is located.
- (4) If the apportionment provisions of this section do not fairly represent the extent of the business entity's activity in the city, the business entity may petition the city or the city may require, in respect to all or any part of the business entity's business activity, if reasonable:
- (a) Separate accounting;
 - (b) The exclusion of any one (1) or more of the factors;
 - (c) The inclusion of one (1) or more additional factors which will fairly represent the business entity's business activity in the city; or
 - (d) The employment of any other method to effectuate an equitable allocation and apportionment of net profit.

- (5) When compensation is paid or payable for work done or services performed or rendered by an employee, both within and without the city, the license tax shall be measured by that part of the compensation paid or payable as a result of work done or service performed or rendered within the city. The license tax shall be computed by obtaining the percentage which the compensation for work performed or services rendered within the city bears to the total wages and compensation paid or payable. In order for the city to verify the accuracy of a taxpayer's reported percentages under this subsection, the taxpayer shall maintain adequate records.
- (6) All partnerships, S corporations, and all other entities where income is "passed through" to the owners are subject to this ordinance. The occupational license tax imposed in this ordinance is assessed against income before it is "passed through" these entities to the owners.
- (7) If any business entity dissolves, ceases to operate, or withdraws from the city during any taxable year, or if any business entity in any manner surrenders or loses its charter during any taxable year, the dissolution, cessation of business, withdrawal, or loss or surrender of charter shall not defeat the filing of returns and the assessment and collection of any occupational license tax for the period of that taxable year during which the business entity had business activity in the city
- (8) If a business entity makes, or is required to make, a federal income tax return, the occupational license tax shall be computed for the purposes of this ordinance on the basis of the same calendar or fiscal year required by the federal government, and shall employ the same methods of accounting required for federal income tax purposes.

§ 5 - Employers to Withhold

- (1) Every employer making payment of compensation to an employee shall deduct and withhold from the compensation an occupational license tax calculated under Section (3) of this ordinance.
- (2) Every employer required to deduct and withhold tax under this section shall, for the quarter ending after January 1 and for each quarter ending thereafter, on or before the end of the month following the close of each quarter, make a return and report to the city, and pay to the city, the tax required to be withheld under this section, unless the employer is permitted or required to report within a reasonable time after some other period as determined by the city.
- (3) Every employer who fails to withhold or pay to the city any sums required by this ordinance to be withheld and paid shall be personally and individually liable to the city for any sum or sums withheld or required to be withheld in accordance with the

- provisions of this section.
- (4) The city shall have a lien upon all the property of any employer who fails to withhold or pay over to the city sums required to be withheld under this section. If the employer withholds, but fails to pay the amounts withheld to the city, the lien shall commence as of the date the amounts withheld were required to be paid to the city. If the employer fails to withhold, the lien shall commence at the time the liability of the employer is assessed by the city.
 - (5) Every employer required to deduct and withhold tax under this section shall annually on or before February 28 of each year complete and file on a form furnished or approved by the city a reconciliation of the occupational license tax withheld where compensation is paid or payable to employees. Either copies of federal forms W-2 and W-3, transmittal of wage and tax statements, or a detailed employee listing with the required equivalent information, as determined by the city, shall be submitted.
 - (6) Every employer shall furnish each employee a statement on or before January 31 of each year showing the amount of compensation and occupational license tax deducted by the employer from the compensation paid to the employee for payment to the city during the preceding calendar year.
 - (7) An employer shall be liable for the payment of the tax required to be deducted and withheld under this section.
 - (8) The president, vice president, secretary, treasurer or any other person holding an equivalent corporate office of any business entity subject to this section shall be personally and individually liable, both jointly and severally, for any tax required to be withheld from compensation paid or payable to one or more employees of the business entity, and neither the corporate dissolution or withdrawal of the business entity from the city, nor the cessation of holding any corporate office, shall discharge that liability; provided that the personal and individual liability shall apply to each and every person holding the corporate office at the time the tax becomes or became obligated. No person shall be personally and individually liable under this subsection unless such person had authority to collect, truthfully account for, or pay over the tax imposed by this ordinance at the time that the taxes imposed by this ordinance become or became due.
 - (9) Notwithstanding subsections (7) and (8) of this section, every employee receiving compensation in the city subject to the tax imposed under Section (3) of this ordinance shall be personally liable for any amount due. In all cases where the employer does not withhold the tax levied under this ordinance from the employee, such employee or employees shall be responsible for filing with the city each quarter in the same manner as if they were the employer.

§ 6 - Returns Required

Blank forms for returns shall be supplied by the city.
- (2) Every business entity shall submit a copy of its federal income tax return and all supporting statements and schedules at the time of filing its occupational license tax return with the city. Whenever, in the opinion of the city, it is necessary to examine the federal income tax return of any business entity in order to audit the return, the city may compel the business entity to produce for inspection a copy of any statements and schedules in support thereof that have not been previously filed. The city may also require copies of reports of adjustments made by the federal government.

- (5) The full amount of the unpaid tax payable by any business entity, as appears from the face of the return, shall be paid to the city at the time prescribed for filing the occupational license tax return, determined without regard to any extension of time for filing the return.

§ 7 - Extensions

- (1) The city may grant any business entity an extension of not more than six (6) months, unless a longer extension has been granted by the Internal Revenue Service or is agreed to by the city and the business entity, for filing its return, if the business entity, on or before the date prescribed for payment of the occupational license tax, requests the extension

- (4)
 - (a) Overpayment resulting from the payment of estimated tax in excess of the amount determined to be due upon the filing of a return for the same taxable year may be credited against the amount of estimated tax determined to be due on any declaration filed for the next succeeding taxable year or for any deficiency or nonpayment of tax for any previous taxable year;
